# NATURAL IMMUNE SYSTEM SUPPORT AND PROTECTION TO YOUR LIFE

## TRADITIONAL USE

Echinacea is a traditional medicine of the Native Americans. It was used as a remedy for more ailments than any other plant and to treat a wide variety of disorders as feverish diseases, sore throat, supporting wound healing, etc. Known for years to support healthy immune function in adults and elderly.

## NATURAL SUPPORT FOR HEALTH

Echinacea EFLA®894 is a unique ingredient from cold pressed juice of freshly harvested blooming flowers of *Echinacea purpurea*. Substantial clinical evidence of positive effects in subjects with the common cold.

## SCIENCE

Proprietary studies have shown that Echinacea EFLA®894 provides support of immune system function in subjects with common colds and flu.
